

Hack10 Clevis Skip Hook

The Hack10 clevis skip hook is specifically designed for lifting waste skips and recycling bins as part of a Hackett chain sling assembly. The skip hook features a spring loaded gate that click fastens securely to a skip's trunnions. Manufactured from alloy steel, the Hack10 clevis skip hook is 25% stronger than a grade 8 equivalent, delivering a greater working load limit without the need for a larger diameter chain sling.

- Standards:** designed and manufactured in accordance with EN1677-1, ASTM A952/A952M, and DIN PAS 1061 and suitable for use in chain slings certified to EN818-4.
- Product sizes:** available for chain size 13mm and with a working load limit of 6.7 tonnes
- Temperature:** operational temperature range of - 40°C to + 200°C without reduction in working load limit.
- Material:** alloy steel.
- Testing:** crack detection following heat treatment, and proof load tested to 2.5 times working load limit.

Safety factor: 4 : 1.
